

Mat@door Mats

The best way to keep dirt and moisture from being tracked into your building is to use our Mat@door system at every entrance: a mat to scrape shoes clean at the entrance to the building and an indoor mat to wipe shoes dry.

Protect floors and maintain comfort levels by using Dust Control 'Mat@door' and Anti-Fatigue Mats from **Confident Care Products**. We have a wide range of mats suitable for your premises. Choose from plain colours or a 'Welcome' message mat.

Our mats look great while protecting floors from dust, dirt and grit tracked in from outside.

Mat Fact: 80% of the dust, dirt and grime in public buildings is "tracked in" from the outside.

Protect your flooring by cleaning dirt and moisture from shoes as it enters your building.

Features of Mat@door Mats

- Chemical-resistant nitro backing
- Cleans dirt and moisture from shoes
- Protects flooring
- Can be used on carpeted or hard surface floors
- Promotes cleanliness

- Suggested Placements**
- Entranceways
 - Hallways
 - Lobbies

Plush carpeting absorbs moisture

Nitro backing is chemical-resistant & provides durability

Anti-Fatigue Mats

Reduces fatigue and discomfort while increasing productivity. Air domes offer flexible and comfortable support, and low-profile bevelled edges reduce risk of trips.

Mat Fact: Fatigue from standing is not just a matter of personal discomfort. It also causes physical injury, costing employers time, productivity and money.
