

# GEL PROTECTION YOU CAN WEAR ...

The newest and most comprehensive Gelbodies range to date provides long term protection against pressure sores and nerve damage. Combining TRUGEL pressure relieving gel, enveloped in a soft and stretchy COOLBAND material, Gelbodies offer superior protection and relief. Gelbodies are suitable for Long Term Care and Rehabilitation patients and for use in the hospital and homecare environment. The Coolband material feels great, is skin compatible, breathable and can be machine washed. The Products are user-friendly, lightweight, discreet and provide protection for areas at risk from pressure sores and nerve damage, with a comprehensive range to suit all shapes and sizes.
